

Creating Safe Spaces in Ottawa's Youth Programming for 2SLGBTQ+ Youth

Request for proposals *Extended Deadline*

Crime Prevention Ottawa (CPO) invites qualified applicants to respond to this Request for Proposal for the development of a training project that will support youth programs in Ottawa to better support 2SLGBTQ+.

Background on the project

Crime Prevention Ottawa (CPO) funded a [Needs Assessment of Ottawa's 2SLGBTQ+ Youth and Youth Adults with Regard to Violence Prevention](#). One of the key recommendations of the report is better training for agencies who serve youth on how to better serve 2SLGBTQ+ clients and how to create safe spaces.

We are now seeking a proponent to move forward on recommendations in the report with regards to training and the creation of safe spaces.

Purpose, Objectives and Deliverables

Purpose

This project will increase the capacity of youth recreation programs in Ottawa to meet the needs of the 2SLGBTQ+ community.

Deliverables/Key Tasks:

- Identifying 3 after-school or youth recreation programs which wish to improve their capacity to serve 2SLGBTQ+ clients and which do not otherwise have the capacity to seek outside training or consulting.
- Consult individually and collectively with these programs to identify training needs and to give advice with regards to program development and service improvements.
- Engage youth, preferably both from the recipient programs and from the agency providing the training in the co-creation and co-delivery of at least 3 small training workshops designed to improve services in the programs identified. Note: by "co-creation we mean of youth and adults working together to develop training and recommendations which are jointly valued, ensure that the same people who will ultimately benefit from process will engage meaningfully with the development process through brainstorming, planning, designing and troubleshooting the trainings.
- Deliver one large speaker series event on serving 2SLGBTQ+ clients in partnership with Crime Prevention Ottawa based on the collective learning with the identified agencies.

- Evaluation including follow up with identified agencies 6 months after engagement and evaluation of the speaker series event.
